2/17/11
SB 332

Testimony on SB 332
Senate Energy Committee
February 17, 2011

Mr. Chairman and Members of the Committee,

My name is Casey Perkins and I'm here today representing Montana Audubon. MT Audubon is a chapter-based, Montana organization, representing over 3,800 members. Our members are concerned about wildlife, habitat and the larger issues that impact our environment such as fossil fuel use and climate change.

MT Audubon strongly supports the passage of SB 332 and commends Senator Van Dyk for his leadership and proactive work on renewable energy. We urge you to support Montana's clean and healthful environment that forms the basis for all economic productivity in this state, by supporting SB 332.
